	Worth \$3,240 less than retail book value

IS IT WORTH THAN A BLUE BOOK VALUE?

CARFAX Price Calculator™
Adjust the value of this 2003 Ford F150 based on the information available in this report

1) Retail Book Value 2) CARFAX Price Adjustment™ 3) Adjusted Retail Value

\$ + **- \$3,240** =

Enter retail book value here Below retail book value

 Start by entering the retail book value from a pricing guide website.

 This vehicle is worth less than average, based on information in this report.

 Compare adjusted retail value to seller's asking price when making your decision.

Begin by entering the retail book value

Blue book means how much does the car worth. What is the net cost.

Why I choose this car

- I choose this car because it's not that much of expensive, it was owned only by one family before this even if it's for 30 years. And there were no accidents so it's pretty much a good deal
