

Financial Goals

FASICA NEGASH

Long-Term Career Goal

- ▶ I want to be a software designer
- ▶ Its fun and I can make a decent money from it,
- ▶ I can make **\$96,260** per year

Long-Term House goals

- ▶ I would buy a house because once I am done with my mortgage I will completely be free from paying rent for the rest of my life
- ▶ I would stay here at Alexandria or move to London
- ▶ It costs \$519,900 total
- ▶ The Est mortgage is \$1,958/mo for 30 years with an interest rate of 2%

Long-Term Goal #3

- ▶ Having a latest car
- ▶ Its important for me because I need it and if it's a brand new it gives me a lots of confidence
- ▶ When we see the latest car right now it will coast around
- ▶ **XJR**
 - 550 HP
 - 5.0 liter V8 Supercharged engine
 - 0-60 mph in 4.4 seconds
 - 23mpg Highway*
- * All figures are EPA estimates
- ▶ From \$116,000

Long-Term Goal #4

- ▶ Having a family
- ▶ I guess that is one of the most important thing In life
- ▶ Pretty much a lot, there will be a lots of things that must be done especially if I have kids.

Long-Term Goal #5

- ▶ Watch soccer traveling all around the world.
- ▶ I want to do that because watching soccer is my number 1 hobby,
- ▶ It will cost a lot, for plane ticket, for the game and if I am traveling I have to pay for the hotel food and all that stuff so pretty much it will coast a lot.

Summary of Long Term Goals

- ▶ \$100,00 a year
- ▶ To get enough money for all that it needs at least 20 years with saving.
- ▶ Pretty much everything I own.

How do I accomplish my Long-Term goals?

- ▶ I have to go to college and get my degree after that while working I will start learning for my masters and after that if am not bored I will continue to take my PHD on software engineering.
- ▶ Saving money also helps a lot because in the future there will be a lots of things I need to spend money on so I have to save
- ▶ Also if possible investing is another option
